

## MRS. M'KINLEY IS VERY NEAR DEATH

The Gravest Doubts Are  
Entertained as to  
Her Recovery.

## ABANDON ALL EVENTS

President Will Not Participate  
in Receptions While His  
Wife is So Ill.

## SAN FRANCISCO IS AGITATED

San Francisco, May 16.—The con-  
dition of Mrs. McKinley at noon was  
extremely critical. The gravest  
doubts are entertained as to her  
recovery.

Very Near Death's Door.

That Mrs. McKinley is very near  
death's door is admitted by Secre-

MRS. WILLIAM M'KINLEY.

tary Cortlyon, who has made a state-  
ment in which he says she had a sink-  
ing spell this morning.

At ten thirty all of the women in  
the house save the nurses were in-  
structed to withdraw. At the same  
time a set of surgical instruments  
were taken in and it is believed that  
an operation was performed immedi-  
ately.

Danger of Dissolution.

Another consultation of the three  
physicians who are in constant at-  
tendance upon Mrs. McKinley was  
held at ten o'clock this morning.  
They are reluctant to make any state-  
ment regarding the sufferer's condi-  
tion, admitted that there was no  
improvement.

When Mrs. McKinley is conscious  
she recognizes the president and  
asks for him. She is not regarded  
as in immediate danger of dissolution  
but there is no abandonment of hope  
that she will rally, but in her ex-  
hausted condition there cannot fail  
to be fear lest the spark of life go  
out.

All Events Today Abandoned.

Mrs. McKinley awakened shortly  
before eleven. It is announced from  
the Scott House that she is no worse  
than last reported and there is no  
truth in the story reported that  
methods had been used to prolong  
her life.

All the events arranged for today  
in which the president was to partic-  
ipate are abandoned, but the  
president may attend the banquet of  
the Ohio society tonight. Friday he  
will receive the school children in  
the Golden Gate park and on Sat-  
urday he hopes to attend the launch-  
ing of the Ohio. Miss Barber, Mrs.  
McKinley's niece, has been selected  
to launch the Ohio instead of her  
stricken aunt.

New Complications Appear.

The gravity of Mrs. McKinley's  
condition has been known to the  
members of the president's imme-  
diate party for several days, but had  
been concealed in the hope that she  
would rally, as she has often done be-

fore. But her recent illness has been  
attended by entirely new complica-  
tions, which have not yielded to treat-  
ment.

The president concluded yesterday  
afternoon that the public should be  
apprised of her real condition. He  
was also anxious that the citizens  
along the planned route of his return  
trip, who have made extensive prepa-  
rations for his reception, should  
receive prompt notification of the  
circumstances that compelled his de-  
cision to abandon the trip.

## THE DEATH RECORD.

Naval Hero to Be Buried.

Washington, May 16.—The body of  
Lieutenant Commander Jesse M.  
Roper, who lost his life on the gun-  
boat Petrel while trying to save some  
of his men from suffocation during a  
fire in the sail room, will be buried at  
the Naval Academy, Annapolis, Thurs-  
day. More than 100 army and navy  
men from this city will attend the  
funeral.

Count Mitiukiewicz Dies.

Asbury Park, N. J., May 16.—Count  
Eugene Stanislaus de Mitiukiewicz,  
financier and promoter, died at his  
summer home here last night of heart  
disease. He was forty-eight years old.  
General Charles E. Dodge, a relative,  
will arrive here today to arrange for  
the funeral.

## DEATH WAS CAUSED BY CONSUMPTION

James Orris Bacon, Well Known in  
Rock County, Passed Away  
Early This Morning.

James Orris Bacon, well known in  
Rock county where he resided for  
many years, died at the home of his  
sister, Mrs. George Warren, 107  
Pearl street, this morning at three  
o'clock. His death was caused by  
consumption, from which relentless  
disease he had been a sufferer for  
some time. He was brought to this  
city from Chicago, where he was em-  
ployed on the South Side Elevated  
railroad, about seven weeks ago,  
but medical attention and the best  
of care proved of no avail.

Deceased was the son of Robert  
and Harriet Bacon, of the town of  
Lima, both of whom have passed  
away. He was born and raised to  
manhood in Rock county and had  
lived until the 14th of next Septem-  
ber he would have been forty-two  
years of age. He was a man of  
excellent standing with his friends  
and his death will be greatly mourned.  
He leaves one son, Charles Bacon,  
one brother, D. C. Bacon, of  
Whitewater; and one sister, Mrs.  
Warren, at whose home he died.

Funeral services will be held  
from the United Brethren church at  
Lima Center, Sunday afternoon at  
3 o'clock.

Steamer and Crew Blown Up.

Evansville, Ind., May 16.—The  
steamer Owensboro blew up this morn-  
ing near Calhoun, Ky. The entire  
crew are reported lost.

Edwin F. Uhl's Death Near.

Grand Rapids, Mich., May 16.—Ed-  
win F. Uhl still lingers in a comatose  
condition, but the end is expected at  
any moment.

Schley Improves.

New York, May 16.—The condition  
of Dr. Winfield Scott Schley, the son  
of Rear Admiral Schley, is said to  
show improvement today.

## MICHIGAN WINS IN RAILWAY FARE WAR

The Wabash Road Offers To Make a  
Passenger Rate of Two  
Cents a Mile.

Lansing, Mich., May 16.—Railroad  
Commissioner Osborn was notified  
today by the officers of the Wabash  
railroad that if he would refrain  
from beginning suit to compel a re-  
duction of fares the company would  
next week put in force in this state  
a passenger rate of 2 cents a mile.

produced and is backing his opinion  
by the purchase of 20,000 cases or  
about one-third of the entire Wiscon-  
sin crop available to the market for  
the needs of the manufacturers.

The local packers who bought this  
tobacco from growers and packed it  
are believed to have realized a hand-  
some profit, ranging from \$5 to \$6  
per box. The reports that were cir-  
culated a few months ago that the  
1900 crop was greatly damaged have  
proved to be unfounded and the  
score marked only to alarm the farm-  
ers and to permit dealers to gather  
in the tobacco at reduced prices. No  
crop in some years has been so close-  
ly bought up or has a better stand-  
ing with the trade.

## EXPECT CLASH AT OSHKOSH TONIGHT

LA FOLLETTE DETERMINED TO  
STOP ROOT-CARTER FIGHT.

Sports of the Sawdust City Insist That  
the Encounter Will Take Place  
Despite the Governor's Objection—  
Local Officials Will Not Inter-  
fere—Crowds Pouring In.

Madison, Wis., May 16.—Governor  
La Follette will stop the Root-Car-  
ter prize fight at Oshkosh tonight.  
Today he sent the following dispatch  
to Attorney General Hicks, who is at  
Sparta delivering a lecture: "There  
are persistent reports from Oshkosh  
that a prize fight will take place to-  
night. Will you please go directly to Oshkosh,  
and, in connection with the district  
attorney and sheriff, see to it that  
the law is enforced in letter and in  
spirit and the good name of the  
state protected?"

Arrived Early This Morning.

Oshkosh, Wis., May 16.—Every-  
thing is now in readiness for the  
"light heavyweight" championship  
battle, which will occur this evening  
in the arena of the Oshkosh Athletic  
club.

The promoters have received as-  
surance from the local courts that no  
warrant can issue until some crime  
has been committed and that no war-  
rant would be issued. It was also  
learned on account of the lack of  
time, no chance of getting out an  
injunction.

Carter and their parties arrived  
early this morning. There has been  
considerable betting here. The com-  
mon odds are 10 to 6 in favor of Root.

Interest in the contest is general  
and sports from Green Bay, Marin-  
nette, Rhinelander, Warsaw, Fond du  
Lac, Milwaukee, Berlin, and numerous  
other towns within 150 miles will be  
on hand. This is the biggest thing  
in the boxing line that has ever been  
attempted in this state, and its suc-  
cess from a monetary standpoint  
seems assured. The advance sale  
of seats is large.

Will Box Rounds.

The men will box twelve rounds  
for a purse of \$1,500 to be divided  
on the basis of 65 percent to the win-  
ner and 35 to the loser. Moore  
posted a forfeit of \$500 with George  
Siler as a guarantee he would pull  
off the bout, and the boxers have de-  
posited a forfeit of \$250 each to guar-  
antee their appearance in the ring.

Fight fans, and Oshkosh has a  
large number, are divided in their  
opinion regarding the outcome. Root  
is considered the more scientific and  
Carter the more aggressive. Clean  
breaks, which the articles call for, it  
is thought, will favor Root; still,  
those that have kept close tab on  
Carter's battles say that he is good  
at any old style.

Root and George Siler, the referee,  
with a crowd of Chicagoans are ex-  
pected this afternoon.

George W. Wise went to Kegonsa  
yesterday morning to look after his  
cottages located on Lake Kegonsa.

## COLLEGE GIRLS ARE NOT FIT FOR WIVES

Prof. Clark Warns Boys Against Mar-  
rying Highly Educated Women—  
Coads Up in Arms.

Evanston, Ill., May 16.—"God help  
the man who marries a college-bred  
woman."

This exclamation which served as a  
peroration to a little heart-to-heart  
talk which Professor J. Scott Clark  
had with his class at Northwestern  
university yesterday, has stirred to  
the boiling point the whole feminine  
element in the college. The male  
members of the institution are also  
discussing the subject with much  
wrath and will seek explanation from  
the faculty as to the advisability of  
such teachings.

Professor Clark occupies the chair  
of English at the Methodist institu-  
tion in Evanston. Following up a  
recitation he began a discussion of  
women of the present day to the  
members of his class. In comparison,  
he said, the modern woman is scarce-  
ly the equal of her mother or grand-  
mother. The college bred woman,  
he then remarked, generally proves  
a failure as the manager of a house-  
hold and is unable to completely fill  
the domestic requirements necessary  
to make the home an abode of com-  
fort.

It was then that he is reported to  
have given this sage advice to the  
young men of his class:  
"You young men, who are looking  
for wives among the college bred wo-  
men of today are on the wrong track.  
If you ever do get one, God help you."

Professor Clark has occupied a  
chair at Northwestern university for  
a number of years. He is about  
37 years old and is married. Efforts  
are being made by members of his  
class to learn whether Mrs. Clark  
received a college education, the in-  
terest and purpose of the students  
being obvious.

## OLD VETERANS ARE FAST FALLING AWAY

WISCONSIN REPORTS A LOSS OF  
356 DURING PAST YEAR.

Arrangements Being Made for the An-  
nual Encampment at Sheboygan  
on June 18, 19 and 20—There Are  
Now in Good Standing 252 Posts—  
Will Camp in Hotels.

Sheboygan, Wis., May 16.—The an-  
nual encampment of the Wisconsin  
Grand Army veterans will be held in  
this city on June 18, 19 and 20, and it  
is expected that about 1,200 veterans,  
500 members of the relief corps and  
300 members of the Sons of Veterans,  
will be in attendance.

Ex-Assemblyman Allen H. DeGroot  
of Nelson, Buffalo county, is the lead-  
ing candidate for department com-  
mander.

The headquarters will be at the  
Foster house. The department head-  
quarters of the Woman's Relief Corps  
will also be at his hotel. Mrs. Myra  
Grinnell of Beloit, department presi-  
dent of the relief corps, having been  
in Sheboygan also, to select head-  
quarters.

State Has 252 Posts.

During the past year, 280 members  
of the Wisconsin department of the  
Grand Army of the Republic have  
died. On December 31, 1900, the mem-  
bership of the Wisconsin department  
was 9,837, which was a loss by death  
and withdrawals of 356. The depart-  
ment commander has not yet drafted  
his annual report, but he estimates  
that the losses by death so far this  
year have greatly exceeded those of  
previous years. There are now in  
good standing in the state 252 posts.

It is estimated that not more than  
half the veterans of the state are  
members of posts. While this is  
partly due to the inability of some  
of them to keep up their dues, the  
principal cause is due to the fact  
that the most of the non-members  
live in remote sections of the state  
where there are no posts handy.

Will Not Occupy Tents.

Department Commander James ex-  
pects to issue his general order on  
the encampment in ten days. This  
will contain much detailed informa-  
tion regarding the encampment. The  
veterans this year will camp in ho-  
tels and boarding houses instead of  
in tents as they were wont to do in  
former years when their enthusiasm  
was not tempered so much by age.

The first day of the encampment will  
be devoted to routine matters. On  
this day the council of administra-  
tion will go over the books of the de-  
partments and look after the other  
matters of business. The second and  
third days will be devoted to general  
sessions and regimental reunions.

## QUEEN DRAGA MAKES A FULL CONFESSION

The Story of Her Confinement Pub-  
lished Last February, a Hoax—  
Servians Show Hostility.

Vienna, May 16.—A Belgrade dis-  
patch says: "Queen Draga of Ser-  
bia has made a full confession that  
the story of her confinement as pub-  
lished in February was a hoax. Ac-  
cording to the reported confession  
the queen's sister was expecting a  
child and the queen intended to pass  
it as her own, but her sister's baby  
was still born and the queen was driv-  
en to confess the swindle. The  
populace are greatly incensed against  
the queen and hostile demonstra-  
tions have occurred."

## BELOIT TAKES A SECOND VICTORY

Won from the Varsity Team at Madi-  
son by the Score of 7 to 3—  
Final Game at Janesville.

Madison, May 16.—Beloit took an-  
other fall out of the Varsity yester-  
day afternoon. The score, 7 to 3,  
was not quite so bad as that of the  
previous game between the same  
teams at Beloit, 10 to 1; but in this  
fact the followers of the cardinal find  
poor consolation.

Ed. Brown, who with his brother,  
Robert, received his first instruction  
in baseball from his father, Wm. F.  
Brown, while the latter was a Pres-  
byterian preacher in Janesville,  
started the parade with a two bag-  
ger in the first inning. Brown's  
hit was assisted by five more safe  
ones in the first two innings in which  
they netted five runs. After this  
King put Matthews out and substi-  
tuted Richardson who finished the  
game.

In the last seven innings Wiscon-  
sin made three runs as against two  
for Beloit. The early lead gained  
by the Congregationalists gave them  
the game.

During the game Beloit made four-  
teen hits of which Ed. Brown made  
four, Adkins three, R. Brown two,  
and Slater two. Wisconsin found  
Adkins' delivery for eight hits, Hark-  
in leading the list with three safe

ones. Adkins struck out ten Varsity  
men, while Richards had six to his  
credit.

The game yesterday was the sec-  
ond of a series to be played between  
the Beloit and University teams this  
season. The third game takes  
place at the Line City next Saturday  
and the final game will be played at  
Athletic park in Janesville on Mem-  
orial day, May 30. The final  
game being on neutral grounds will  
be the occasion for two big excu-  
sions from the colleges from which  
will go hundreds of rooters for the  
two teams.

## THE FIRE RECORD.

Caused for Deaths at Fire.

Chicago, May 16.—According to a  
verdict of the coroner's jury, returned  
yesterday after an all-day session, the  
Lake Shore & Michigan Southern rail-  
way was, in a measure, responsible for  
the death of Peter Zook and six others  
in a fire at 8316 Marquette avenue,  
South Chicago, May 5.

Four Perish in Burning Steamer.

Evansville, Ind., May 16.—The  
steamer Owensboro, a towboat, owned  
by the Green River Coal Transporta-  
tion company of this city, was burned  
to the water's edge at Calhoun, Ky.,  
last night, and four lives were lost.

Big Blaze in Woodville, N. H.

Woodville, N. H., May 16.—Property  
in the business section of Woodville  
valued at about \$60,000 was destroyed

## LIVELY RUNAWAY IN FIRST WARD

Sanford Soverhill and James Scott  
Jumped Out and Let the Little  
Bronchos Run.

The first ward was the scene of a  
lively runaway shortly before six o'-  
clock last evening.

Sanford Soverhill and James Scott  
were driving down Racine street in  
a top buggy to which were attached  
a pair of bronchos. Coming down  
the hill on Racine, near Madison  
street one of the bronchos stumbled  
and fell. In pulling him back onto  
his feet the bit broke and the pair  
started in a run down the hill. Sover-  
hill and Scott seeing that they could  
not hold them jumped out and let  
them go. They ran down Jackson  
street and collided with a tree free-  
ing themselves from the buggy. They  
ran through a lot around the rear  
of the house and out onto Jackson  
street. Here they kept on towards  
the south, still running at a merry  
clip. When they arrived at the  
Jackson street crossing, the gate was  
down to allow a freight train to pass.  
They jumped the gate and being un-  
able to go any further on account of  
the train separated, one going up to-  
wards Franklin and the other to-  
wards High. They got mixed up  
among the cars and tracks and both  
of them were stopped.

The bronchos were somewhat  
bruised and the buggy badly wrecked  
by its fast trip. Soverhill and  
Scott escaped without injury by  
jumping.

## SOLDIERS CHARGE MOB AT ALBANY

Efforts to Resume Opera-  
tion of Cars Brings  
on a Riot.

## CITY FULL OF TROOPS

The Situation at Troy and  
Cohoes Is Regarded as  
Very Critical.

## CROWDS QUICKLY DISPERSED

Albany, May 16.—Albanyans bestir-  
red themselves early this morning in  
anticipation of another day full of  
excitement. All night long the militia  
guarded the company's barns but no  
violence was attempted. It is sa-  
the military authorities look upon  
the situation in Troy and Cohoes as  
more dangerous than conditions ex-  
isting here and are making prepara-  
tions for serious trouble when the at-  
tempt is made to move the cars.

Intend to Resume Operations.

The first material indication that  
the company intended to resume op-  
erations developed about eight o'-  
clock when two battalions of infan-  
try formed on either side of the road-  
way in front of the barns. A great  
crowd had gathered and another  
company came on in double quick to  
disperse them.

About fifty people rushed into a sa-  
loon followed by the soldiers with  
fixed bayonets. Some in the crowd  
were hurt by the soldiers, who order-  
ed the saloon closed and hustled the  
fugitives into the street.

The first car left the barn at 8:30  
o'clock. Two motormen, two conduc-  
tors and two Pinkerton men with  
loaded rifles and Colonel Barnes  
commanding the militia here, on  
board. A second car, accompanied  
by a company of militia left a half  
hour later. Details of soldiers were  
distributed at each corner along the  
line.

City Filled With Soldiers

Two thousand armed soldiers are  
now within the city limits, more are  
coming and 2,500 are in readiness to  
move to Troy when Governor Odell  
so orders. The streets are thronged  
with excited men, women and  
children.

Citizens sabre slashed, non-union  
men with broken limbs and bloody  
faces, women and children trampled  
under foot, soldiers maimed with  
flying missiles and leaders in the  
crowd beaten with muskets, were  
some of the results obtained today.

Mob and militia closed in combat  
late yesterday afternoon, but by the  
accident of fortune there were no  
serious casualties. It was the intro-  
duction of more non-union men to  
take the places of striking traction  
employees that produced the violence.

## STATE UNIVERSITY MAKES LIMBURGER

Takes Time, But Dairy Students Soon  
Hope to Master the Flavor  
and Odor.

Madison, Wis., May 16.—Beginning  
this week Edam brick, Swiss and Lim-  
burger cheese will be made at the  
university dairy school. The work  
for a few months must be purely ex-  
perimental, but the time that the  
students return for next winter it is  
hoped that the art of getting the  
Limburger odor and flavor will have  
been mastered. The making of for-  
eign cheeses will be taught along  
with that of American cheese.

A long row of Edam cheese about  
the size of small pumpkins is al-  
ready stored in the vaults. The  
first brick cheese was made yester-  
day. Before the end of the week  
samples of Swiss cheeses will have  
been made.

## GOVERNOR APPROVES THE ICE BILL

Holds the Bill is Constitutional and Does Not Impose  
a Tax—Gates County Also Approved.

Madison, Wis., May 16.—Governor  
LaFollette today disposed of the bills  
left in his hands on the adjournment  
of the legislature yesterday. Only  
two were vetoed, one being the bill  
fixing the salary of the clerk of the  
court of Douglas county, a matter  
which the governor says should be  
left to the common council and board  
of supervisors; the other was a bill  
authorizing H. J. Frick to build a  
dam across Spring Brook in Lan-  
glade county, vetoed because it did  
not provide for a fish way in the dam.

In approving the ice bill tax  
the governor attached to it a memora-  
nda giving his reasons for approv-  
ing it. He holds the bill constitu-  
tional that ice taken is the property  
of the state and says that the bill  
does not impose a tax but is rather  
in the nature of a sale of the ice.

Approving the bill creating Gates  
county the governor also attaches a

# FAREWELL HONOR TO SUP'T MAYNE; ROYAL BANQUET BY YOUNG LADIES

Dinner Given at the High School Building Last Evening—Beautiful Decorations, Appetizing Menu and Delightful Postprandial.

Supt. D. D. Mayne, his co-workers of the faculty of the Janesville high school and their ladies were banqueted in royal style last evening by the young ladies of the domestic art department. The dinner was given as a farewell honor to Supt. Mayne to whom the credit for securing the introduction of this department into the high school course is due.

The dinner was given at the high school building at six o'clock the guests being received in the reception room which had been transformed into a handsome parlor. Oriental rugs and screens, pillow laden couches and easy chairs in profusion and an abundance of handsome palms and other potted plants made the room a most inviting retreat.

Red and yellow tulips were the flowers used and these two predominated in the decoration of the room. The beauty of it all was the subdued red glow shed over it all from the shaded lights. The decoration of the reception parlor was entirely in the hands of the young ladies of the sewing class, Miss May Humphrey, being the chairman and they had good reason to be proud of their handiwork. The young ladies of the sewing class also served as the committee which received the guests.

The dinner was served in the dining room of the domestic art department which was beautified by decorations in pink and green, the colors of the department. From the intertwined chandelier above the center of the long table, pink ribbons were festooned to two diagonal corners of the table, being caught in place to the chandelier by stands of green.

At the tables the ribbons ended under great sprays of pink carnations and one of these fragrant blossoms was placed at each plate. The central decoration was a large bouquet of beautiful pink roses, which were afterwards sent as a souvenir of the occasion to Mrs. Mayne, who was prevented from attending the banquet by illness.

The preparation and serving of the dinner, even the purchasing of the articles used in preparing it were attended to entirely by the cooking class. Miss Hostetter served as their counselor and supervisor during the arrangement of the supper but all the work and responsibility rested on the young ladies who acquitted themselves with credit to their own ability and to the excellence of their training. Miss Hostetter took her place with the other guests with a happiness that showed that she had perfect confidence in her students.

The dinner was an excellent one and was a perfect success. It was faultlessly served in five courses, those who officiated in the dining room being Misses Ada Buckmaster, Frances Clithero, Edna Parker, Mame Curtess and Helen McDonald. The kitchen was in charge of Misses Belle Strawser, Kathryn Peters, Fannie Bennett and Josephine Treat.

## WOODMEN LIKELY TO ENTER MEXICO

Proposition Is Discussed at the Sovereign Camp Session at Columbus, O.—Society Prospers.

The Sovereign Camp, Woodmen of the World got down to business at Columbus, O., yesterday in the work of the annual session. Sovereign Commander Root reported that there were 129,837 members at the end of last year, a net gain of 41,356. The total membership of perfected woodcraft now is 225,797. The Commander discussed the matter of entering Mexico. He recommended that the sovereign camp invest \$2,500 in the Omaha Auditorium company.

The finance committee presented a statement showing receipts, beneficiary fund, \$1,556,070; emergency fund, \$5,102; new emergency fund, \$185,054; general fund, \$271,457. Balances are as follows: Beneficiary \$12,896; emergency, \$5,102; new emergency, \$32,007; general fund, \$6,555.

The total death losses during the year were \$1,651,452. Insurance in force on December 1, 1900, \$219,831,200. The death claims paid during 1900 were \$1,600,338.65.

Forest circle, the auxiliary organization of the Woodmen, voted to raise the insurance rate 35 per cent.

From January 1 to April 1, according to Head Consul Northcutt's report, the solicitors for the Modern Woodmen society secured 25,517 new members and organized 449 new camps or lodges.

The report of the Modern Woodmen Society's board of auditors, which has just finished checking up the books of Head Clerk Dawes and Head Banker Crocker is "that we find the vouchers and books for head clerk and head banker balance to a cent."

Gen. J. N. Reece, of Springfield, Ill., who will be chief in command of the Woodmen Foresters encampment

with an efficient corps of helpers. The guests numbered seventeen and the following was the

Following the dinner Miss Bethana Miller took charge of the delightful postprandial. She was a charming toastmistress and her clever introductions were all given in rhyme. Miss Daisy MacLean welcomed the guests very prettily, voicing the pleasure which the hostesses felt in the privilege of entertaining and their sorrow at Supt. Mayne's intended departure. The welcome was acknowledged in a charming manner by Miss Emma Paulson whose bright response included a number of interesting stories.

Miss Edith Loomis very happily toasted the present and future superintendents, paying a pretty tribute to both and in the absence of Supt. H. C. Buell of Whitewater, Prof. G. W. Brace responded ably and in an entertaining manner.

Naturally the chief interest of the evening centered in Supt. Mayne's toast to the domestic art department. He spoke of his appreciation of the work done and in the course of his remarks he said that in his opinion people did their best work in an atmosphere of approval. While he had not voiced his approval as often as he might have done, he believed that the teachers all realized that they enjoyed his approval of their good work. He made a humorous allusion to the moving of the department to the third floor saying that it was bound to rise.

After the dinner, the guests returned to the reception room for social conversation. Much of the credit of the evening's success was due to Miss Josephine Treat who was the general chairman. The banquet committee was Miss Zoe Carrier, whose absence on account of illness was sincerely regretted; Misses Edith Loomis, Olive Cornean, Fannie Bennett, Belle Strawser and Daisy MacLean.

All the expense of the dinner as well as the work was borne by the hostesses who were Misses Josephine Treat, Bethana Miller, Kathryn Peters, Emma Schalter, Luella Gaarder, Eva Downing, Julia Austin, Belle Strawser, Rose Dixon, Daisy MacLean, Ada Buckmaster, Frances Clithero, Edna Parker, Mame Curtess, Olive Cornean, Helen McDonald, Edith Ryan, Alice Crawford, Clara Dayton, Edith Loomis, Agnes Hagerty, Zoe Carrier, May Humphrey, Amy Ross, Bertha Hogan, Fannie Bennett and Pearl Hall.

to be held in St. Paul during the week of the Woodmen national convention, in speaking of the great parade of 40,000 Woodmen, to take place on Thursday, June 13, says: "With favorable weather there is no question that the parade will be the largest ever held under the auspices of a civic society in the United States." All the public offices and business houses in St. Paul will close during the morning, to allow everybody to witness the magnificent spectacle.

Since the adjournment of the April session of the Modern Woodmen society, death claims have been paid to the amount of \$464,850. Every claim in shape to be passed upon by the board was ordered paid. Among the claims allowed was one of a member who had been dead only four days, one dead five days, one six days, one seven days, two eight days, and one nine days. The local members of the society claim that this is the record to date for prompt settlement of death claims by any society or life insurance company.

**Wouldn't You Honestly Think?**

That in these days of padded coats men would cease to talk about the vanity of woman and the falseness of her form?

That the man who tries to deceive the world concerning the breadth of his shoulders by aid of a coat liberally supplied with padding, would learn not to give the whole snap away by swinging his arms?

That young society women could stand it for a day or two after a new young man strikes town without trying to find out whether he is engaged or not?

That if they must become satisfied on this point before they wine him and dine him too extensively, they would find some other way than by asking the young man himself point blank?

That these same young ladies might have good reason to be a little skeptical if the young man answered in the negative?

That a certain young man would be wise to go into training during the steady rush which he is enjoying just at present for the sudden hard drop which is sure to come sooner or later?

Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a liniment called

## Mother's Friend

which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the girlish figure.

An intelligent mother in Butler, Pa., says: "I would obtain a bottle of it if I had to pay \$5 per bottle for it."

Mrs. Hannah Armfield, of No. 125 Glen St., says: For nearly 2 years I have been troubled with a dull aching pain in my sides, also had stomach trouble and constipation, appetite poor, sleeplessness, nausea and vomiting. I have tried all kinds of medicines and received little or no benefit. I began to improve from the very first treatment from Prof. Funk and after taking nine treatments I feel perfectly well, and it is my pleasant duty to him and to suffering humanity to acknowledge the benefit I received from magnetic treatments.

If you are suffering, investigate this method of curing disease. That the method as practiced by Prof. Funk is a wonderful success can no longer be doubted, as many responsible people of this community have tested its merits and are now enthusiastic in their praise of the good results obtained.

If suffering, you owe it to yourself to try this method of healing.

## MR. GOMPERS' POSITION.

Samuel Gompers, president of the American Federation of Labor, does not agree with Mr. Schwab on the workings of labor organizations.

Mr. Schwab recently addressed the Industrial Commission, and said, among other things, "that labor organizations put all men on a level, and prevent one from advancing, unless all advance."

Mr. Gompers objects to the statement and says, "We are aiming at the general improvement of the working classes."

These men are considered good authority on the labor problem. Mr. Gompers has been prominently identified with labor organizations for many years, and is a conservative, thoughtful man.

Mr. Schwab has been as closely identified, but in other channels, and his range of vision has been broader, and free from prejudice, because, while being in sympathy with labor and in close touch with it, he has also been in position to recognize the value and rights of capital.

Mr. Gompers talks about what labor attempts to accomplish. The aim is all right, and on all practical lines they have the respect and support of public sentiment. Every citizen is interested in the progress of labor, and the more intelligent independence acquired by the laboring classes, the better for all classes of people.

Mr. Schwab is not talking about the aims of labor organizations, but about the conditions as they exist, and his knowledge is based on cold, stubborn facts with which he has had to deal.

He has seen thousands of men, under his supervision, march out of the shops where they were employed at satisfactory wages, not because they had a grievance, but because the iron hand of a gigantic labor trust had a grip on them, so powerful, that sympathy for some disgruntled workman, was all that was necessary to order and execute a strike.

Many of these men were faithful intelligent artisans, in the line of advancement, but when they followed the walking delegate, and labor agitator out in a senseless strike, they closed the door of opportunity, and the high aim of the organization behind them was lost in insignificance.

Every toiler, in every department of life, should be a free man, untrammelled by the obligation of any organization that retards his progress, however lofty the aim of that organization may be.

If he can earn \$600 a year, his earning capacity is equal to \$12,000 at five per cent. If by the investment of more brain he is able to double his earning capacity, he is entitled to every encouragement to make the investment, and when labor organizations step in and order a period of enforced idleness, they are simply depleting his capital and success.

Mr. Gompers may be right in theory, but Mr. Schwab has the facts behind his statement, and facts are stubborn propositions.

Labor is at its best, and in the line of advancement, when it asserts its individual independence, and says to the union of whatever character, "I reserve the right to do my own thinking," and will not submit to commands that interfere with personal welfare.

## THE TEXAS OIL BOOM.

The Texas oil bubble has burst, not for lack of oil, but for lack of suckers. The Beaumont fields are rich in oil, but like any undeveloped discovery, they are a rat hole, of large dimensions, for money. A few flowing wells in the district were enough to start the excitement, and as a result hundreds of stock companies sprang into existence, like mushrooms in the night.

Many of these companies were based on nothing but a title to a few acres of land, that might or might not contain oil, the value was of but little importance in either case.

Thousands of dollars were invested in this class of stocks, before it was discovered that they were absolutely worthless.

If oil was discovered, and effort made to produce it, trouble of an expensive sort commenced at once. It is estimated that the cost of developing a flowing well with pipeline connections, is anywhere from a million to a million and a half of dollars, and after this heavy outlay a market must be found for the product.

The small investor very soon discovered that he was on the extreme outer edge, and so much on the outside that he was very soon forgotten in the scramble.

The Beaumont country is a K'ondike, on a smaller scale. The principal difference is that the walking

in Texas is good the year round, and dogs and sleds are not needed to get in and out of the country.

Manufacturers have already signified a willingness to give employment to all of the graduates of the manual training department of our High school, at wages superior to those offered to graduates of other courses. This ought to stimulate the eighth grade boys to enter the manual training course next fall, and fit themselves for an honorable and remunerative calling. Why do not some of well-to-do citizens endow this department so that its work will never be hampered by lack of facilities? Such an endowment would be a fitting monument to the memory of any man or class of men, which would be appreciated by many poor boys who would be started on the road of fame and fortune thereby.

Pres. McKinley's solicitations for the health of his delicate wife, and his constant attentions to her enjoyment and comfort, show that his heart is as big and tender as his ability is sublime. Politicians are too often deficient in the finer sensibilities of a true gentleman and husband, but a statesman, never.

Christ never asked a follower his views on foreordination, or the Trinity. So many really good and helpful men are cast out because their independence of thought will not permit them to accept the old creeds and dogmas. The modern preacher must amuse his congregation on harmless abstractions or aimless platitudes incapable of being grasped by the masses, or he must be cast out by a church council.

The city is to be congratulated on having as a citizen Mr. John Thoroughgood. He is a believer in Janesville, and expresses his faith in practical ways. He has been successful in business and the money that he makes is invested in home industries. His ambition to see Spring Brook covered with factories is the right kind of ambitions and is free from the spirit of sectional strife that has done so much to retard the progress of the city. More the same spirit would be wonderfully helpful.

The many friends of Richard E. Petherick, whose term of office recently expired on the State Board of Control, will be pleased to learn that he has been appointed by the governor as inspector of county asylums. Mr. Petherick is familiar with the work and will make an intelligent representative.

Henry Wade Rogers, former president of the Northwestern University, has been elected a professor in the Yale law school. Mr. Rogers gained some cheap notoriety as an anti-imperialist during the Spanish-American war. He is a good man to shelve in the law department of some school, where his opportunities for poisoning the minds of young men will be limited.

The Congregational church ladies, in session at the convention now being held in this city, represent a strong organization, and one that is accomplishing much good in the missionary field. Foreign countries are rapidly opening up to missionary work, and the Congregational church is noted for its energy and intelligent work.

The fact that Janesville is inducing the railroads to improve their transportation facilities, is one of the surest indications of the advance this city is making along all lines of improvement in her industries. Janesville has caught her second wind and struck her stride, and let every public spirited citizen take pride in advancing her interests whenever possible.

The watch trust ought to be easily capitalized, as time is money.

Tom Johnson did not remain a messenger boy long, because he was not slow enough.

The music publishing houses are "cooperating," but they will not drop any notes, or strike any false ones.

Chief of Police O'Neill has sounded the death knell of the "Levee," and if Mayor Harrison will only keep hands off, the new chief will do more to purify Chicago's festering sores than Kiple ever dreamed of.

## MISSION WOMEN IN CONVENTION

About 100 Delegates from  
32 Churches Are in  
Attendance.

### SERVICES OPEN TODAY

Mrs. Charles Nelson, Direct  
from Canton, India, Deliv-  
ers Stirring Address.

### CROWDS THROU THE CHURCH

About one hundred delegates from  
thirty-two towns, and cities in this  
vicinity are attending the annual  
meeting of the Beloit district  
auxiliaries to the Wisconsin  
Branch Woman's Board of Missions  
of the Interior and the Wisconsin  
Woman's Home Missionary Union,  
which is being held today at the Con-  
gregational church.

The meeting is one of earnest en-  
thusiasm and whole hearted interest  
in missionary work both at home  
and abroad. All the ladies present  
seem enthused with the true mission-  
ary spirit which makes the program  
one of especial interest.

The members of the societies of the  
local church and friends from other  
churches in the city increased the  
number of those who enjoyed the  
morning and afternoon sessions.  
Several children are in attendance  
as representatives of Junior mission  
bands and a delegation of five young  
boys rode overland from Whitewater  
on bicycles and were among the most  
attentive listeners in the audience.  
There is an especially large dele-  
gation of ladies from Beloit.

Mrs. J. C. Dixon Presides.  
Mrs. J. C. Dixon of Beloit, the dis-  
trict secretary is a charming presid-  
ing officer. The morning session  
opened with an enjoyable song ser-  
vice led by Mrs. A. O. Wilson, with  
Mrs. F. F. Lewis at the piano after  
which there were inspiring devotion-  
al exercises conducted by Mrs. A. L.  
McClelland of Milton.

Mrs. Q. O. Sutherland, the presi-  
dent of the Janesville auxiliary, wel-  
comed the delegates cordially and in  
a very happy manner and the re-  
sponse made by Mrs. S. L. Unger of  
Brookfield, who thanked the Janes-  
ville ladies in behalf of the dele-  
gation present, of the members who  
were unable to come and of the mission  
workers in whose interests the meet-  
ing was held. She was hopeful that  
the meeting would be far reaching  
in its good influence.

Reports This Morning.  
The greater part of the morning  
session was devoted to reports and  
other business. Extracts from the  
minutes of the meeting at Evans-  
ville last year were read. Mrs. Dixon  
appointed a committee on resolutions  
consisting of Mrs. Leavitt of Beloit,  
Mrs. Herbert, Emerald Grove and  
Mrs. Hopkins, Edgerton. Miss Mary  
Mater of Brookfield was made secre-  
tary of the meeting.

The roll call of the various  
churches in the district brought forth  
many interesting reports of the work  
which is being done and the methods  
which are being pursued. All lines  
of missionary work from that done  
by the elder societies to that of the  
Wee Folks' Band was represented  
and in some churches reports were  
given from six or seven missionary  
societies.

Mrs. A. F. Stacy of Beloit gave a  
very interesting report of the an-  
nual meeting at La Crosse, her sub-  
ject being "Echoes from La Crosse."  
During the morning Mrs. Minnie  
Menzies and Mrs. S. B. Lewis sang  
"Songs of Praise" by Hasmer exquis-  
itely.

Dinner Served in the Church  
At noon dinner was served in the  
church parlors, having been prepar-  
ed by the young ladies of the church.  
The young ladies of the Loan  
band attended the service and nearly  
one hundred fifty people were fed.  
The wants of the diners were well  
cared for. The dinner was an ex-  
cellent one.

The afternoon session was espe-  
cially delightful. Mrs. E. G. Uppike,  
state president of the home brought  
an encouraging report of good cheer  
concerning the excellent work which  
is being done and Mrs. A. O. Wright  
of Madison gave some valuable sug-  
gestions on the subject: "Annual  
Reports; Their Use and Abuse."

Address by Mrs. Nelson.  
One of the pleasant features of the  
afternoon was the quiet hour led by  
Mrs. S. W. Eaton of Roscoe, Ill. This  
season of inspiring helpfulness was  
followed by a fine address on the  
needs of mission work in Southern  
China by Mrs. Charles Nelson, who,  
with her husband has recently re-  
turned from Canton, China. She has  
a bright individuality and is a very  
able speaker. Her appeal was a force-  
ful one and the information she gave  
regarding the conditions in China  
was valuable and was heard with  
great interest. Later in the after-  
noon she addressed a meeting of  
children in a very charming way.  
Miss Carolyn Van Alkin sang  
"Dreams of Paradise" very beautiful-  
ly, after which the work of the Wis-

consin Home missionary society was  
ably presented by Mrs. H. W. Carter  
of Beloit, and Rev. George C. Haun  
of Madison told entertainingly of the  
work of the Congregational Sunday  
School and Publishing society in es-  
tablishing Sunday schools in spar-  
sely settled districts.

Children's Choir Sang.  
The children's choir, directed by  
Mrs. W. S. Jeffris, sang "The Psalms"  
by Faure to the great delight of the  
audience after which Mrs. Salisbury  
of Whitewater presented the work of  
the American Missionary association  
in an interesting way, this work being  
for the bettering of the Indians, col-  
ored people, Chinese and mountain  
whites.

Work of Wee Folks.  
The work of the Wee Folks' bands,  
an especially interesting society, was  
presented by Mrs. R. C. Denison, of  
this city, and Mrs. W. M. Short of  
Evansville, both giving pleasing talks  
on the methods of conducting the  
society.

Miss A. B. Sewell gave an inter-  
esting account of the Young People's  
work, one of the strongest mission-  
ary agencies in the state.

## CHARLES BLIVENS IS UNDER ARREST

CHARGED WITH USING MAILS  
FOR FRAUDULENT PURPOSES.

When He Bought the Taylor House at  
Koshkonong He Had Eighteen \$1,000  
Bills in His Pocket—He Was Con-  
nected With "A Get Rich Quick"  
Company.

C. Bliven of Lake Koshkonong, who  
came out from the east two years  
ago this summer and purchased the  
Taylor House and property at the  
Lake, was arrested Friday last by  
United States Marshall Charles Lew-  
iston on the charge of using the  
mails for fraudulent purposes.

Bliven formerly resided in Edger-  
ton and went east many years ago  
and was not seen again until about  
two years ago when he suddenly ap-  
peared in Edgerton with all kinds of  
money. He looked around for some  
place to invest his surplus cash and  
finally purchased the Taylor House,  
property from William Taylor. He  
told big stories of how much money  
he had made in the east and had  
eighteen one thousand dollar bills in  
his pocket when he paid Taylor for  
the place.

Since purchasing it he has made  
a number of improvements so that  
the house scarcely looks like the  
same place. He has lived there  
since the time the place was purchas-  
ed and took life easy as if he had no  
care on earth, and was not a fugi-  
tive from justice.

Last week, however, the United  
States marshal swooped down upon  
him, and his day of pleasure came to  
a sudden end.

The facts of the case as near as  
can be ascertained are: That Bliv-  
ens, shortly before he came to Kosh-  
konong, resided in Washington, and  
was the promoter of one of the fraud-  
ulent "get rich quick companies." They  
advertised extensively, and  
agreed to pay as high as 25 per  
cent. on the investment if the money  
was left for a short time.

At first the company prospered. De-  
posits came thick and fast from suc-  
kers all over the United States. The  
company used some of the money  
thus received to pay the 25 per cent  
dividends and all looked rosy to the  
investors. After a little Blivens got  
from seventy-five to one hundred  
thousand dollars in his possession be-  
longing to the investors.

He then stopped paying dividends  
and one fine day skipped out. He  
came out here with his pocket full of  
thousand dollar bills to escape from  
the angry depositors and the United  
States authorities. The officers of  
the government finally got track of  
him and took him to Madison.

He was taken before the United  
States court at Madison and waived  
examination and was taken back to  
Washington by the deputy marshal.  
He was taken before the court in  
Washington and he'd for trial. His  
bail was fixed at \$25,000.

Parties in Edgerton have been  
written to to see if he could get ball  
in that city for his appearance.

# A MYSTERY IN WASHINGTON

Young Man Killed at the National Capital.

## TRAGEDY AT HIS HOTEL.

Shots Are Heard, a Voice Cries for Help, but No One Investigates—Body Found in the Morning—Probably Killed by a Woman.

Washington, D. C., May 16.—James Seymour Ayres, Jr., 21 years old, was shot and killed in his room at the Kenmore hotel at 2 a. m., under circumstances so mysterious that all efforts to unravel them have failed. An uproar was heard in the hotel at 2 o'clock, three shots were fired, a voice called twice for help, a white-robed figure was seen to climb down the fire-escape, and in the morning the dead body of young Ayres was found.

**Victim a Mere Student.**  
The victim was a clerk in the census bureau and was appointed from Michigan. His father, J. S. Ayres, is an insurance agent and lives at Grand Rapids. The youth was a student in a dental college and had just passed his final examination.

The pistol shots and the cries for help awoke nearly all the boarders. Heads were thrust from all the windows at once and two or three men called out "What's wrong down there?" A voice, evidently that of a woman, replied, "I don't see anything here," and a minute later, "I've heard some pistol shots." There was some scattered comment, the windows began to close one by one, and as no one seemed inclined to investigate no investigation was made. The women in the hotel could be heard dragging chairs to wedge them under the door knobs, and that was the end of the disturbance.

### Finding the Body.

In the morning, as Ayres did not respond when called, a policeman was sent for. When the door had been broken open, the young man was seen doubled forward in a pool of blood near the window. His under-shirt, his only covering, was stained with blood and powder. He had been shot three times, once just over the heart, once in the left arm and once in the left thigh. A report was made that he had committed suicide. With the arrival of the coroner, however, the case took on a different aspect. A torn fan was picked up from the floor and the pistol found on a trunk three feet from the body. Both the barrel and trigger of the pistol were besmeared with blood, but the handle was quite clean. Three of its six cartridges had been fired. Thomas M. Baker, a clerk in the Fish commission, has a room in a house near the Kenmore, from which he saw more than anyone else. He is confident a woman in her night dress stepped out of the window in Ayres' room, descended the fire-escape slowly, and left the iron stairway at the point marked by the blood stains.

### Roberts Jury Disagrees.

London, May 16.—The trial of Jack Roberts and nine others, including the manager of the National Sporting Club, against whom the grand jury found indictments of manslaughter for the death of Billy Smith, was begun today in the Old Bailey. The public prosecutor argued that the rules of the National Sporting Club were illegal, because they allowed fights to be won "by the injury or exhaustion of one of the combatants." The jury was unable to agree on a verdict.

### Hurt and Alone Three Days.

Chicago, May 16.—While repairing the roof of his house at 83 Gault court Sunday morning Michael Sullivan, 45 years old, fell forty feet to the ground and sustained a fracture of the right hip and severe contusions of the left shoulder. He dragged himself to his room and lay without medical attention until Tuesday, when his suffering was discovered and reported to the police. He was taken to the county hospital.

### Returns Stolen Certificates.

St. Paul, Minn., May 16.—Mr. and Mrs. Leonard Wells, the gypsies camped at the Midway, have received the certificates of deposit for \$3,000 from which they were robbed Monday evening by a man in a buggy and a confederate. The \$400 in cash the thieves did not return. The certificate came in an envelope with a Minneapolis postmark. There was no letter.

### Big Deal in Wisconsin Ward.

Madison, Wis., May 16.—One of the largest tobacco deals ever made in the west has just been carried through here by the sale to a Philadelphia firm of 13,000 cases of last year's crop of Wisconsin tobacco for \$350,000. The shipment will amount to about 260 carloads.

### Adj. Gen. Hoffman Drops Dead.

Albany, N. Y., May 16.—Adjutant-General Hoffman of Elmira dropped dead at 2 o'clock p. m. He had gone to his hotel for luncheon and not feeling well retired to his room. The clerk was assisting him to undress when he fell on his bed, dead.

### Missouri Postoffice Robbed.

Washington, May 16.—Postmaster Strum of Hopkins, Mo., telegraphs the postoffice department that the safe in that postoffice was blown open last night and that \$123 in money order funds and \$45 postal funds were stolen.

# A WONDERLAND OF ROSES AND ORANGES

Pasadena, Cal., May 11, 1901, 283 Arcadia street.

Editor Gazette, Janesville, Wis.  
Dear Sir:—We drop you a few lines to let you know that we reached the wonderland of roses and oranges of which we have all heard so much, without accident, and to say that we are enchanted by its beauties would be but a feeble expression. I can only describe this beautiful city with its white cement walks (for there are no others), its myriads of roses and flowers of all hues, its oranges ripe and ready for eating, while the air is filled with the perfume of the blossoms ready for the next year's crop, and the absence of the saloon. All combined make it one of the most beautiful spots I have ever beheld and as I began to say, I can only describe it by comparing it to our beautiful world's fair grounds at Chicago in 1893.

Mr. Campbell and myself are feeling well and enjoy these beauties every moment, but miss the familiar faces of our home friends and only wish they might be here to enjoy these beauties with us. We miss The Gazette and would like to have it sent to us here for a month or more. Kindly remembrances to all inquiring.

MRS. W. B. CAMPBELL.

## "Pleasant Dreams"

Cries the young maid to her mother, as she retires to rest. The mother smiles, but sighs. She knows that the pains that rack her will not stop for darkness, and that if she sleeps her dreams will only be echoes of the sufferings of the day.

Why not sleep soundly and rise refreshed at morning, with strength and courage for the day's duties? Weak, nervous women, sufferers from backache, bearing-down pains, and other womanly ailments, have found a perfect cure in Dr. Pierce's Favorite Prescription. It heals the womanly diseases which cause the pains and nervousness. It makes weak women strong and sick women well.

"I deem it my duty to express my heartfelt gratitude for having been the means, under Providence, of restoring me to health," writes Mrs. B. H. Mann, of Springfield, Leon Co., Fla. "For nearly two years I suffered from female weakness so could not stand on my feet any length of time; could scarcely walk at all. Appetite was much impaired; I had bearing-down sensations; can't express how badly I did feel, and tried several kinds of medicine which did me little or no good. At last decided to try Dr. Pierce's Favorite Prescription. I had not taken all of two bottles before I saw it was healing me, so I continued to take it until I had taken seven bottles, when I felt entirely cured. Did not feel a touch of my old complaint. It has been over a year since I took medicine and feel as healthy as ever. My health has been better for the last year than it had been for four years previously."

"You may publish this as a testimonial."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

county, Monday. Fruit was damaged.

About 175 employees of the Simons factory at Kenosha are on their second strike in the past two weeks over wages. A general strike seems imminent which would throw 6,000 men out of employment.

At a Barneveld (just beyond Blue Mounds) hotel Monday night, Jas. Carmody, a farm laborer showed a stanger a \$70 roll of bills. In the morning the money and the stranger were gone.

John Minihan, a Chilton farmer, was killed in a runaway Monday.

An attachment of \$4,744 has been granted against the A. Platz leather plant of Racine.

At Hartford Mrs. William Mayer of Erin, dropped dead at the grave of her daughter-in-law, Mrs. Michael Mayer, who had just been buried an hour before.

MISERY

Which?

It depends upon the nerves.

If they be sound and strong, you are healthy and vigorous. Your mind is clear, and you are happy.

But if they be weak, you are nervous and miserable. Your mind is uneasy, and you suffer all the tortures of a doomed, nerve-starved man.

## PECULIAR DIVORCE LAWS OF WISCONSIN

Great Many Persons Who Are Unknowingly Bigamists on Account of Badger State Laws.

The laws of Wisconsin, says a Wisconsin judge, will make a man a bigamist following divorce proceedings if that man was not living in Wisconsin or had not submitted to the jurisdiction of a Wisconsin court, when his better half procured a divorce, and he thereafter attempted a marriage outside the state. The same would apply to a woman who had been defendant in a divorce. And the trouble is that there are a great many divorces of this nature granted although there is no record as to whether there were remarriages. Undoubtedly there are a great many persons in the United States who are unknowingly bigamists because of the application of the Wisconsin divorce law.

The judge has prepared an opinion on this subject and it may cause something of a stir. It has been submitted to many lawyers, as it is not a decision in any case and has met with approval. It is of about the same import as the recent decision of the supreme court in the Dakota divorce cases.

It is in the default cases that this opinion works mischief. The judge holds that if a person has resided in Wisconsin for one year, as the law provides, and brings an action for divorce against a person living outside the state, the decree in that case is good and binding only on the plaintiff in the suit. The plaintiff or person bringing the action is free from all matrimonial yokes and can marry any person in the wide-awake world.

But not so with the defendant, who remains a married person, thus evolving the most novel position imaginable. Such a person, getting into Wisconsin, however, immediately becomes divorced, but only as long as in the state. Remaining outside of the state, it would be necessary to bring action for divorce from the plaintiff in the Wisconsin action who had secured a divorce, to be freed.

This opinion, if effective, would make the marriage business in Wisconsin increase, as the defendant in the default case would need to have the second marriage performed within the state limits in order not to be a bigamist.

The Wisconsin supreme court not long ago, made the well known ruling that a judgment of divorce rendered in another state under the statutes which make jurisdiction depend upon the residence of the plaintiff, where the wife, a resident here, was not served with notice and did not appear, does not bar an action by her here.

A cough is not a disease, but a symptom. Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough, and if properly treated as soon as this cough appears are easily cured. County Clerk Starr called the attention of the board to the vault in the clerk's office and asked that roller shelves be put in to make it more convenient. On motion of Supervisor White the matter was referred to a committee, composed of Supervisors White and Gettle.

Supervisor Whittet presented a resolution that the district attorney be allowed the sum of \$8 per month to cover stenographic work done for the county. The amount to cover all work done in his office, necessary typewriting in the municipal court and at coroner's inquest. The resolution was adopted by the unanimous vote of the board.

On motion of Supervisor Weirick the resolution appropriating \$500 for the use of George M. Appleby of Beloit, poor master for the southern district for use in relieving the poor during the year of 1901 was carried unanimously. The clerk was instructed to draw the order and place the same subject to Mr. Appleby.

Supervisor Simon Smith from the building committee reported that the Art Metal Construction Co. of Chicago would furnish the new steel cases for the office of the register of deeds for the following prices: Case A, \$540; B, \$215; C, \$357; D, \$307 and asked that the committee be instructed to close a contract with the company for the cases at this figure. The report was adopted by the unanimous vote of the board.

#### Like Freeport City Hall

Mayor Richardson and Aldermen Gilkey and Fifield, members of the city hall building committee, accom-

panied by P. J. Monat and George D. Simpson returned home last evening from a visit to Freeport. The Janesville delegation were met by Mayor G. A. Huenkemeier and were conducted about the city by him. The interior rather than the exterior of their city building appealed to the committee. The arrangements of the rooms are up-to-date in every particular and a number of good ideas were secured by the committee to be used in the construction of Janesville's city building. The trip was a very pleasant one to all concerned and should be of considerable benefit to the city.

## TEST WATER MAINS ON GALENA STREET

**Chief Spencer Will Make a Test of New Line to the Choate-Hollister Factory.**

The Janesville Water company finished laying the water mains from Galena street to the Choate-Hollister furniture company on George place this afternoon and the line will be tested this evening at seven o'clock by the fire department.

At 7:45 o'clock there will be two taps on the fire bell which will be the signal for the west side hose company to hitch up and gallop down to George place at which point the test will be made.

The hook and ladder wagon will be stationed at Western avenue and Jackson street and at the sound of the water works whistle, (which will be sounded simultaneously with the two taps on the fire bell,) will start on a gallop for the same place. Two or three lines of hose will be laid and time taken.

Chief Spencer will not make an exhibition run of this test for the reason that the distance is too great to make much time for such a purpose, but intends to simply let the two teams take an easy long distance gallop.

## ENTERTAINS GIRLS OF CHILDREN'S CHOIR

**Very Merry Evening Spent by Sixty-Five Happy Maidens at the Home of Mrs. W. S. Jeffris.**

The young girls of the children's choir of the Congregational church enjoyed a very merry evening indeed last night at the home of Mr. and Mrs. W. S. Jeffris, 202 South Franklin street. Last week the boys of the choir were entertained by Mr. and Mrs. Jeffris and the girls found exactly the same kind of treat in store for them.

Sixty-five happy little misses responded gladly to their invitation and entered heartily into the joys of the evening's program of pleasure.

First came a rehearsal of the choruses which they are to sing at the May festival, Tuesday evening, May 28, and the fresh young voices joined in the melodies with a spirit which gladdened their hostess and director.

After rehearsal came the "sugaring off" with maple sugar and such a merry time as the girls had. Fun reigned fast and furious and it was nearly ten o'clock before the festivities closed and sixty-five tired and sticky, but very happy maidens bade good night to the host and hostess who had given them so much pleasure.

## RAISED THE SALARY OF SECRETARY KLINE

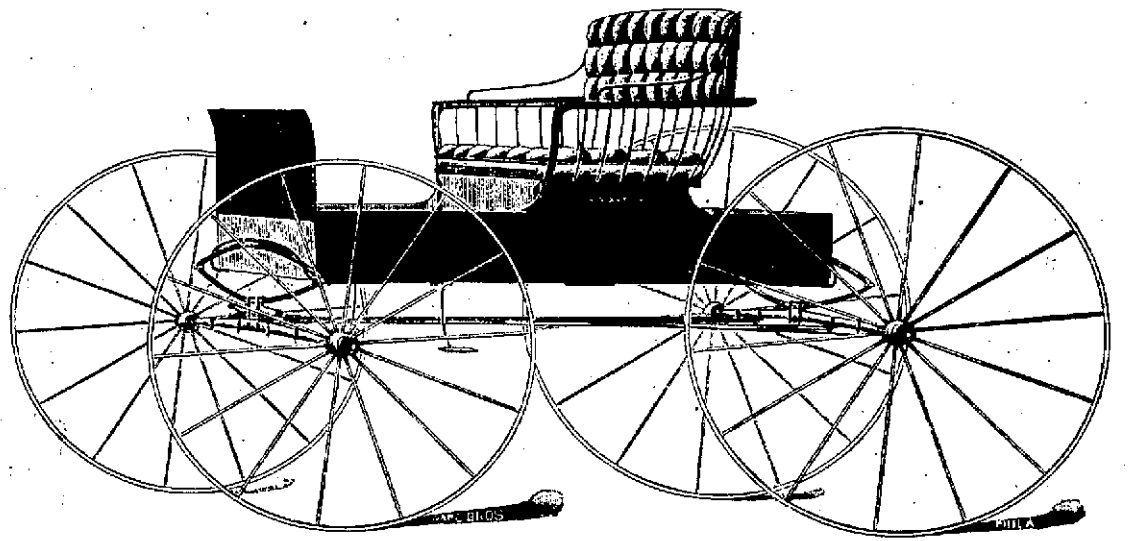

**Directors' Meeting of the Y. M. C. A. Held on Last Monday Evening—Growth of Association Steady.**

At the regular monthly meeting of the board of directors of the Y. M. C. A. the salary of Secretary Kline was increased from \$75 to \$100 a month. There were eight directors present and the sense of the meeting that the increase in salary was but a just recognition of the excellent work done by Secretary Kline in upbuilding the association. So thoroughly does the board appreciate Mr. Kline's services, that this action was taken without solicitation from him. The growth of the association in influence and membership is steadily increasing, the rate of increase for some time past being at the rate of one member a day. Considerable business of a routine nature was transacted at the monthly meeting.

Julius Levy, brother of Lois Levy, of the Golden Eagle, will arrive in the city today and will be added to the force in the store.
